

Murray City History Advisory Board

Minutes for October 24, 2018

Attendance: Mildred Horton, Syanna Tafteller, Pam Benson, Rebecca Santa Cruz,
Staff: Lori Edmunds, Katie Lindquist, Jennifer Broschinsky

1. The minutes from August and September were voted on and passed as written.
2. Museum update: Jennifer reported on her plans for the City Hall display cases. She is planning to feature the following artifacts along with the family histories that go along with them.
 - a. James T. Erekson Family
 - b. Pett Family
 - c. Pilati Family
 - d. Wright Family
 - e. Young Family

She explained that some of the families have voiced concerns about their donations not being shown or displayed so we want to make sure these donations get the attention they deserve.

3. StEPS museum training: Lori, Katie and Jennifer will be attending the next all - day training on Monday, October 29th and will review module #1 which was on mission, vision, governance, and strategic planning.
4. The two demolition requests for this month were not on the register. Lori reported that Korral Broschinsky has completed her work that she was contracted to do and the reimbursements from Certified Local Government will be arriving soon. Lori will check to see when we can next apply for more funding and which projects we need to get funded.
5. Lori has prepared the beginning of a museum strategic plan for the board to review. The board reviewed the plan and it was their consensus that it is difficult to put into place goals if we do not know where will be located when City Hall is sold. We will keep the written draft and edit it as needed when we see what direction we are headed when we know where our new home for the museum will be located.

Lori Edmunds adjourned the meeting.

The next meeting will be held on November 28 at 6:00 P.M.
