Discussion Items

Parkway Golf Fund Discussion – G.L. Critchfield and Kim Sorensen

Mr. Sorensen discussed issues related to future funding, due to subsidies and loans, and led a discussion about whether the Golf Fund should remain an enterprise fund. Council Director, Ms. Lopez, provided six questions from the council for Mr. Sorensen to address, so a wise decision could be formulated. Questions were discussed as follows:

1. Are rounds of golf increasing or decreasing? Mr. Sorensen explained:

- Over the last 5-10 years, the number of golf-rounds per year, remains consistent.

- For the last five years, the average number of 9-Hole-rounds per-year was 63,241. The highest number was 67,208 in 2013, the lowest total was 58,721, and last year 63,411 rounds were played. All calculation fell within 200-rounds compared to the average. (Mr. Sorensen noted calculations were based on 9-holes of golf - not 18.)

Mr. Nicponski wondered if attendance decreased during irrigation replacement. Mr. Pearson noted the project began on September 1, 2016 and was complete in the spring of 2017, and it was necessary to close a certain number of holes at a time while the project was underway. This made it challenging for golfers to play a total of 18 holes in one day, and typically, only 15 to 17 holes could be achieved. Although, attendance was good, the sport would never be as it was in the 90's. In addition, he confirmed 2,000 rounds occurred during January and February of 2018, but only 101 rounds occurred this January and February. Mr. Sorensen confirmed and said changes in weather, like very hot temperatures in July also impact attendance.

2. Would the trend continue? Mr. Sorensen believed the trend of approximately 60,000 rounds per year would remain - as patterned over ten years' time.

Mr. Nicponski wondered if this amount of business would carry the enterprise fund or would a subsidy from the GF (General Fund) always be necessary. Mr. Sorensen confirmed the Golf Fund could not sustain itself, based on the past; funding from the GF was estimated at \$150,000 in 2019 and about \$370,000 in 2018, due to equipment purchases, including carts. The fund could not break even.

3. Are fees appropriate, or could they be adjusted? Mr. Pearson was in the process of comparing fees with other golf courses but noted Murray Parkway fees are currently lower than other golf courses. Therefore, fees could be adjusted up \$1, as well as, for golf cart rentals. A fee increase proposal would be coming to the council by the end of the year as suggested.

Mr. Hales wondered if a one-dollar increase would benefit, or would it cause a decrease in attendance. Mr. Sorensen said with 60,000-rounds per year, one dollar would provide \$60,000 more in revenue per year, in addition to increased revenue from cart rentals. Mr. Pearson said the Murray Parkway would still remain comparatively lower in price, in mid-range, if a \$1 increase occurred in green fees and cart charges, revenue would increase approximately \$106,000. He thought most patrons would not be alarmed because guests realized the increase would still mean a lower green fee compared to other popular golf courses in the valley.

4. Are there any special events that could increase rounds and revenue? Mr. Sorensen said Mr. Pearson did well to promote leagues, including youth leagues to encourage interest on slow Saturday afternoons, and he organized co-ed leagues during other slow times on hot afternoons from 1:00 p.m. to 5:00 p.m. He was not sure what else could be done. Mr. Pearson confirmed high temperatures create slow periods; most people enjoy golfing in early hours before the heat, and later in evenings.

Mr. Nicponski noted the annual budget was \$1.6 million, and the subsidy from the GF was estimated at \$150,000 annually. He proposed whether the Golf Fund should be maintained as an enterprise fund or be dissolved and become part of the GE. He noted one major caveat to that change, would

be the GF would need to pay off all Golf Fund loans. Mr. Sorensen confirmed balances still remain with both the Water Fund and the Power Fund as follows:

- A balance of \$136,587 owed to the Water Fund – Loan was used to purchase new golf carts. (to be paid off in FY 2022)
- A balance of \$964,772 owed to the Power Fund – Loan utilized for the irrigation system. (to be paid off in FY 2029)

Mr. Sorensen explained legally a GF cannot give money to enterprise funds, so the total debt of \$1.1 million, could never come from the GF.

Mr. Critchfield confirmed the city would either need to purchase the golf course or forgive all Golf Fund loans to solve the debt issue.

Mr. Brass thought with that being said, the Golf Fund should be left as an enterprise fund. He was concerned the term *subsidize*, was causing issues, which was a true transaction; however, he reminded everyone, the recreation center for example, was subsidized \$600,000 this year. Therefore, he thought the annual \$150,000 subsidy to the Golf Fund was a bargain that provided acres of green space in the city. He said even though the Murray Parkway was not currently turning a profit, it would cost the city much more money to maintain the grounds and this could eventually lead to a closure. He would rather see the golf course stay open provided by the subsidy, than see it lost and replaced with a housing project. By leaving it as an Enterprise Fund the city staff would not have to worry about all that.

Mr. Sorensen said the Murray Parkway generated funding for the construction of the Jordan Parkway trail years ago. Mr. Brass confirmed the cost was \$6 million. Mr. Sorensen agreed the golf course also paid staff to provide maintenance along the trail. Therefore, with today's value of having the trail, and if the golf course still operated as it once did, there would be no discussion today related to subsidies. Mr. Brass said it was a 60-year subsidy when golf course paid for the cost of the trail, which was a steal.

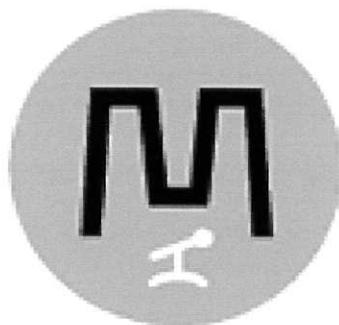

Mr. Cox thought transparency was well established in the way the Golf Fund was currently set up – as an enterprise fund; a money trail was easy to follow; transfers were visible, and costs well documented; he agreed with Mr. Brass. He thought the closing golf courses usually generated more parks that may cause great interest; however, parks provide zero revenue. In addition, he thought providing jobs that create revenue was essential for drawing people into Murray.

Mr. Nicponski concluded the Golf Fund was operating fine, the golf course was doing well, and it all should be left as it is. There was a consensus among council members to let the Golf Fund remain an enterprise fund.

Announcements: Ms. Lopez made several announcements related to coming events for the council members.

Use Map

Looking west across Vine Street at the subject property.

Looking west at the south property line. The duplex building appears to be located directly on the property line, with no setback.

In addition to a variance for front yard setbacks, any subdivision would also require a variance to the rear yard setback requirement, and to the side yard setback on the north property line.

Looking west at the rear building. Given the location of the duplex and the rear building, any subdivision between them would require variances to the rear setback of the duplex and the front setback of the rear building.

Findings

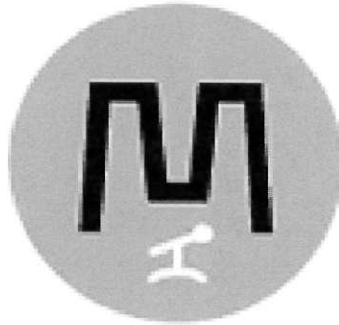

1. The rezoning of the property to R-1-6 is supported by the Future Land Use Map designation of Low Density Residential, however; the applicant's intended purpose in seeking the change of zoning conflicts with the purpose of "encouraging residential development with is single-family detached in character".
2. The requested rezoning has been carefully considered based on the characteristics of the site and surrounding area and the policies and objectives of the 2017 Murray City General Plan. While the Future Land Use Map would support the rezone, the property would represent an isolated parcel zoned differently from all those surrounding it.
3. The proposed amendment to the Zoning Map from R-1-8 to R-1-6 is not in harmony with the established pattern of zoning and development surrounding the subject property.
4. The rezone has been requested in support of potential requests for several inappropriate variances and a subdivision that Staff cannot support. Staff finds that if approved, the variances and subdivision would have negative impacts to the surrounding properties.

Staff Recommendation

Staff recommends that the Planning Commission forward a recommendation of DENIAL to the City Council for the requested amendment to the Zoning Map designation for the property located at 770 East Vine Street from R-1-8, Single-Family Residential to R-1-6, Single-Family Residential.

RE: Pass Through Funds Agreement for 5600 South

Becky Bradshaw,

Per the 2019 S.B. 268, lines 357 to 358, monies in the amount of \$1,000,000.00 have been allocated to Murray City for 5600 South from State Street to the Van Winkle Expressway. This memo is intended to meet the requirements of a written description detailing how Murray City intends to use the funds provided.

The funding provided will be used to perform a 2" mill and 3" asphalt overlay of 5600 South from State Street to 900 East. This will include pedestrian access improvements and repair of curb and gutter and sidewalks. The signals at 5600 South and Fashion Boulevard as well as at 5600 South and Vine Street have several issues the City wishes to address; chiefly among them will be the inclusion of radar detection and pedestrian push button poles. Some funds are expected to be remaining after the work to 900 East is completed. The City will utilize the remainder to perform curb and gutter repair and resurfacing from 900 East to 1300 East to the extent that funding will permit.

Murray Municipal Justice Court

This Interlocal Cooperation Agreement ("Agreement") is effective the 1st day of July, 2019 ("Effective Date") by and among Salt Lake County, a body corporate and politic of the State of Utah (the "County" or "Contractor") for and on behalf of the Salt Lake County Sheriff's Office ("Sheriff's Office") and Murray City (the "City") pursuant to the provisions of the Utah Interlocal Cooperation Act, Title 11, Chapter 13, Utah Code Ann. 1953, as amended ("Interlocal Act").

WHEREAS, City and County shall not create a new or separate interlocal agency through this Agreement; and

WHEREAS, the Utah Interlocal Cooperation Act, Title 11, Chapter 13 of the Utah Code, permits local governmental entities to make the most efficient use of their powers and to provide the benefit of economies of scale, as well as authorizes municipalities to enter into cooperative agreements with one another for the purpose of exercising, on a cooperative basis, any powers, privileges and authority that may be exercised by each public entity individually; and

WHEREAS, the City has determined that it is in its best interest to enter into an agreement with the County under the Interlocal Cooperation Act, whereby Sheriff's Office provides prisoner transportation services to City under certain terms and conditions;

- b. Sheriff's Office will provide transportation to the Jail for prisoners sentenced to custody "forthwith".
- c. Upon request by City, Sheriff's Office may provide transportation to the Justice Court for prisoners held in other county jails.
- d. Sheriff's Office will not provide bailiff services under this Agreement.
- e. Prisoners will be secured at the Justice Court by Sheriff's Office transportation personnel.

For transportation of prisoners held outside Salt Lake County, the rates for the transport will be determined based on mileage and the nature of the transport. - b. Sheriff's Office shall provide monthly invoices to the City based upon the number of prisoners transported. Sheriff's Office shall provide a monthly list of prisoners transported along with invoice. City shall pay County within thirty (30) days from the date of each invoice.

This Agreement may be renewed in writing signed by both Parties, at the end of the Term, for up to four (4) additional one-year terms upon the same terms and conditions as set forth in this Agreement. Upon annual renewal, the Parties will review and adjust the fees as necessary.

4. NO SEPARATE ENTITY No separate interlocal cooperative entity is created hereunder.

6. **ASSIGNMENT** This agreement shall not be assigned without the prior written consent by City.
7. **AUTHORITY TO BIND** By signing this Agreement, the undersigned individuals warrant and represent that they have the authority to bind the parties pursuant to the terms of this Agreement.
8. **BINDING EFFECT** This Agreement shall be binding upon and shall inure to the benefit of the City, Contractor and its respective successors and assigns.
9. **COUNTERPARTS** This Agreement may be executed in any number of counterparts, each of which when so executed and delivered, shall be deemed an original, but all such counterparts taken together shall constitute only one instrument.
10. **ENTIRE AGREEMENT**
 - (A) This Agreement, including all Attachments and documents incorporated hereunder, constitutes the entire agreement between the parties. No tender, offer, or promise of any kind outside the terms of the Agreement by any member, employee, officer, director, agent, or representative of the Parties has been made to induce the signatories or the Parties to enter into the Agreement. No oral representations shall be considered part of the Agreement. The provisions of the Agreement are for the benefit of the parties hereto solely, and not for the benefit of any other person, persons or legal entities.
 - (B) This Agreement supersedes any and all other prior and contemporaneous agreements and understandings between the parties, whether oral or written. The terms of this Agreement shall supersede any additional or conflicting terms or provisions that may be set forth or printed on the Contractor's work plans, cost estimate forms, receiving tickets, invoices, or any other related standard forms or documents of the Contractor that may subsequently be used to implement, record, or invoice services hereunder from time to time, even if such standard forms or documents have been signed or initialed by a representative of the City. 11. **GOVERNING LAW** The terms of this Agreement shall be construed and interpreted under the laws of the State of Utah. Any challenge under this Agreement shall be brought in the Third District Court of Utah, Salt Lake County, or the U.S. District Court for the District of Utah.

Nothing contained in this Agreement shall be construed to create the relationship between County and City of employer and employee, partners or joint venturers.
14. **NON-APPROPRIATION OF FUNDS** The Parties acknowledge that funds are not presently available for the performance of this Agreement beyond the end of each Party's fiscal year. Each Party's obligation beyond that date is contingent upon renewal of this Agreement as provided above and funds being appropriated for payment due and providing the Services under this Agreement. If no funds or insufficient funds are appropriated and budgeted in any fiscal year, or if there is a reduction in appropriations due to insufficient revenue, resulting in insufficient funds for payments due or about to become due under this Agreement, then this Agreement shall create no obligation on the Party as to such fiscal year (or any succeeding fiscal year), but instead shall terminate and become null and void on the first day of the fiscal year for which funds were not budgeted and appropriated or in the event of reduction in appropriation, on the last day before the reduction becomes effective (except as to those portions of payments herein then agreed upon for which funds are appropriated and budgeted). Said termination shall not be construed as a breach of or default under this Agreement and said termination shall be without penalty, additional payment, or other changes of any kind whatsoever to the Parties, and no right or action or damages or other relief shall accrue to the benefit of the other Party as to this Agreement, or any portion thereof, which may so terminate and become null and void. 19. **SEVERABILITY** In case any one or more of the provisions contained in this Agreement shall be invalid, illegal or unenforceable in any respect under any applicable statute or rule of law, then such provisions shall be deemed inoperative to the extent that they are invalid, illegal or unenforceable, and the remainder of this Agreement shall continue in full force and effect. The Parties hereto agree to replace an invalid, illegal or unenforceable provision with a new provision which provides the most nearly similar permissible economic effect as the invalid, illegal or unenforceable provision.

21. **TIME** Time is of the essence.
22. **WAIVERS** (A) The failure of either Party at any time or times hereafter to require strict performance by the other of any of the undertakings, agreements or covenants contained in this Agreement shall not waive, affect or diminish any right of either Party hereunder to demand strict compliance and performance therewith. None of the undertakings, agreements, or covenants of either Party under this Agreement shall be deemed to have been waived unless such waiver is evidenced by an instrument in writing signed by the party to be charged specifying such waiver.
(B) The right of the City to perform plan checks, plan reviews, other reviews and/or comment upon the services of the Contractor, as well as any approval by the City, shall not be construed as relieving the Contractor from its professional and legal responsibility for services required under this Contract. No review by the City or any entity/user, approval or acceptance, or payment for any of the services required under this Contract shall be construed to operate as a waiver by the City of any right under this Contract or of any cause of action arising out of the performance or nonperformance of this Contract.
23. **RESOLUTION** The parties agree that a resolution of legislative bodies is required, pursuant to Utah Code, Section 11-13-202.5(1)(b).
