## Area Cleanup

The dates for Murray’s Area Cleanup are April 26<sup>th</sup> through May 3<sup>rd</sup>. During this time residents can have a reserved container placed in their driveway.

This follows last year’s process, and is necessary due to continued staffing challenges to operate the program.

Postcards will still be delivered to each resident with more direction. Residents may share a container with neighbors since there are not enough containers for every household to reserve one for themselves.

=====

## Bagging Recyclables

Please do not place anything in your recycling can that is wrapped in plastic bags. We are still seeing many situations where residents are placing their recyclable materials in plastic bags. The recycling processing facilities will not accept plastic-bagged materials, and they often times send them to the landfill, unopened.

Contact our Sustainability Coordinator, Ethan Morris ([EMorris@wasatchfrontwaste.org](mailto:EMorris@wasatchfrontwaste.org) or 385-468-6337) if you have specific recycling questions.

=====

## Annual Earth Day

Earth Day is on April 22<sup>nd</sup>. Help celebrate our beautiful planet and practice conservation efforts by reducing the use of disposable plastics, recycling your e-waste, and buying local produce. More information and suggestions can be found at [www.earthday.org](http://www.earthday.org).
