Subscription Green Waste Program

The Weekly Green Waste Collection Program will resume beginning Tuesday, March 15th for Murray residents. Murray currently has 321 out of the 9,478 district-wide subscribers.

Residents can sign up and help divert green waste from the landfill to be processed into mulch that can be purchased for use from the Salt Lake Valley and Trans-Jordan Landfills. There is a onetime start-up fee of \$60 to pay for the can and at \$126 per year, a green waste can is less expensive than an additional black garbage can at \$204 per year. For more information on this program, please visit our website at: <http://wasatchfrontwaste.org/green-waste>.

Landscape Maintenance

Now is the perfect time of year to trim your trees! Municipal Ordinance requires that trees and landscaping that overhangs the street pavement need to be trimmed to a minimum height of thirteen- and one-half feet (13-½ feet) above the street pavement.

Following these guidelines will help our trucks navigate through your neighborhood and empty your cans without potential damage to your trees, other property, and our trucks. We appreciate your help.
