

General Information

Murray City requires that a valid business license be held by anyone conducting business within Murray City. "Business" means and includes every craft, trade, occupation, profession or activity pursued for gain or profit excluding, however, services rendered by an employee to an employer.

Non-profit, charitable, governmental, insurance agencies and real estate agents are also required to obtain a business license although they may be exempt from license fees.

A business address is the physical location where such business is to be conducted. A PO Box or mailbox service address are not valid business addresses and cannot be accepted. Each business location will need a separate license. Temporary businesses and seasonal businesses are also required to obtain licenses and permits.

Licenses are not transferable from address to address, or from owner to owner. Any change of location, ownership, or corporate information requires a new application to be submitted. Minor changes such as mailing address may be submitted without application.

A person conducting business in the city without first obtaining a business license or a person operating a business that has been closed for nonrenewal shall be assessed a one hundred percent (100%) penalty on past due fees including any regulatory fees or 100% of the amount of what the licensing and regulatory fees would have been if the business is exempt from such fees. (City Code 5.04.260: Penalty fees for failure to obtain a license.)

Re-application notices are mailed out on the first of the month in which the license expires. In order to avoid penalty fees, the re-application form and payment must be received in our office prior to the expiration date. We do not accept post marks as timely receipts and cannot be responsible for lost or misdirected mail. Responsibility of renewal is total responsibility of the licensee. Failure to receive notices does not excuse this responsibility.

Murray City requires that a written notice be submitted if a business has moved out of the City or is no longer conducting business. Please note that the base license fee is non-refundable.

A property owner authorization form completed by the property owner is required to conduct business if the business owner is renting the home/apartment. A copy of this form is available on our City website and must be included with the application at the time it is submitted.

Application Information

Prior to submitting an application for a business license, please contact the City Planning and Zoning Division (801-270-2420) to verify that your type of business is allowed. All State and local requirements must be met before submitting your application. Please include verification of these requirements with your application.

The average business license processing time varies due to circumstances where a conditional use, Health Department approval, etc. is needed. Murray City does not offer interim licensing. Please be aware that you must have your business license issued prior to opening/operating. If you are still under construction, or your projected opening date is more than 3 weeks out, please do not turn in your application any sooner than 3 weeks prior to opening.

Fees for licenses vary according to number of employees, vehicles and classifications. Please refer to the fee schedule page included with your application for details. Fees are due at the time of submitting an application. The base license fee is non-refundable should a license not be approved. Fees are also required for change of address and are not prorated.

Once an application is submitted, approvals and/or inspections are required by Murray City Fire Department, Murray City Zoning Department and Murray City Code Enforcement. Businesses may also need to complete inspections by the Salt Lake County Health Department or other applicable agencies. When all applicable departments have approved the application, a business license will be issued.

BUSINESS LICENSE APPLICATION CHECKLIST

The following must be included with your application at the time it is submitted. We cannot accept applications until all State and local requirements are met. A list of State agencies with addresses and phone #'s are included with your application (New Business Compliance Information).

**MURRAY CITY FIRE DEPARTMENT
BUSINESS INSPECTION INFORMATION LETTER
ACCORDING TO THE INTERNATIONAL FIRE CODE**

Welcome, new business owner, to the City of Murray. To assist your start-up and help things run a little smoother, here are a few things you can do.

If you are a home business doing telephone, computer or office-related work, or a kiosk, Murray City Fire does not require an inspection. ***All other businesses*** require a physical inspection of the business. If you are not sure about the requirements for your business, please contact our office for clarification.

Your business location must be occupied and set up, ready to do business, prior to inspection. We cannot inspect empty buildings.

***If your business is under construction or your anticipated start-up date is 10 days or more from the time you submit your business license application, please inform the Business Licensing office and indicate the date you would like to open on your application.**

Please be aware that a business license cannot be issued without necessary approvals and inspections being completed.

Remember!

You must submit your business license application to the Business Licensing office before an inspection can be set up.

Our fire inspectors will call you 24 to 48 hours after receiving your application to set up an inspection time.
